#### INTRODUCTION

The information provided in this report is derived primarily from documents developed at the time the District was formed and from data provided by the City or accessed through the City. The information sources include the District's Rate and Method of Apportionment, Building Permits and Special Tax delinquency data. Historical information was accessed through the City and is maintained by Willdan Financial Services.

The Mello-Roos Community Facilities Act ("Act") of 1982 came about as a response to the lack of adequate financing for public capital facilities and funding of services in the post-Proposition 13 era. State Legislators Mello and Roos sponsored this Bill, which was enacted into law by the California Legislature and is now Sections 53311 through 53363 of the California Government Code. The Act authorizes a local governmental agency, such as a school district or city, to form a Community Facilities District ("CFD") or ("District") within a defined set of boundaries for the purposes of providing public facilities or services. A CFD is formed for financing or funding purposes only and is governed by the agency that formed it.

#### A. FORMATION

On May 17, 2005, the City formed the District by the adoption of Resolution No. 2005-52. The qualified electors within the District approved the levy of the annual special taxes in accordance with the District's Rate and Method of Apportionment of Special Tax.

#### B. BOUNDARIES AND DEVELOPMENT SUMMARY

The boundaries of the City of Livingston Community Facilities District 2005-1 (Public Services) ("CFD 2005-1" or the "District") are depicted in the Boundary Diagram provided in Exhibit "B" of this Report.

The taxable District properties consist of single-family residential parcels, most of which have been developed. Residential units situated within the District's boundaries having been constructed under building permits issued prior to January 1, 2005 are not subject to the Special Tax.

#### C. AUTHORIZED SERVICES

The District was formed to fund ongoing service-related costs and is expected to fund these services into perpetuity. The District's Authorized Services include the following:

Police services and fire protection and suppression services of the City of Livingston required to sustain the service delivery capability for emergency and

non-emergency services to new growth areas, including but not limited to, related facilities, equipment, vehicles, ambulances and paramedics, fire apparatus services, supplies and personnel; provided, however, that any increases in special taxes for costs related to employee wages and benefits shall be limited as provided in the Rate and Method of Apportionment of the Special Taxes to fund such services.

Park maintenance of the City of Livingston, including but not limited to, labor, material, administration, personnel, equipment, and utilities necessary to maintain park improvements within the District, including recreational facilities, trees, plant material, sod, irrigation systems, sidewalks, drainage facilities, weed control and other abatements, public restrooms, signs, monuments, and associated appurtenant facilities located within the District.
